The Coca-Cola Company

Deep Learning Intern 05/19 - 07/19

AiEye

Computer Vision Intern 01/19 - 02/19

PERSONAL PROJECTS

ACCIST: Accident Assist

A real-time car accident detection model integrated with an iOS app to reduce the lag between the accident and its reporting time to save lives.
See Project

Smart EV

An ML model capable of predicting the dynamic price of electricity at Electric vehicle charging station. Integrated with a progressive website that could be invoked via Google Assistant.
See Project

HONORS & AWARDS

Secure and Private AI Scholarship
FACEBOOK AI

One of 300 scholarship recipients selected globally for a scholarship from Facebook. Learned methods to make inferences from confidential data without compromising the user's privacy.

CERTIFICATIONS

Data Engineering with Google Cloud
COURSERA

Demonstrate proficiency to design, build, analyze, and optimize big data solutions using Google Cloud.
See credential

AWS Certified Developer - Associate
Amazon Web Services

Demonstrate proficiency to develop, deploy, and debug cloud-based applications that follow AWS best practices.
See credential

AWS Certified Solutions Architect - Associate
Amazon Web Services

Demonstrate proficiency to strategically design well-architected distributed systems that are scalable, resilient, efficient, and fault-tolerant.
See credential

VOLUNTEERING

Research Intern 07/2020 - 09/2020
IIT Delhi

Worked on detecting Twitter hashtag manipulation, replicating and testing CTM (a metric coined by Oxford for determining hashtag manipulation) with popular Indian hashtags, and subsequently enhancing it to function effectively with smaller datasets.

SKILLS

Programming Languages

Python | C | C++ | Java

Technologies & Frameworks

PyTorch | PySyft | TensorFlow | Keras | OpenCV | ImageAI | DialogFlow
MachineLearning | DeepLearning | ComputerVision | DifferentialPrivacy | FederatedLearning
Google Cloud Platform | Amazon Web Services | Azure
