EDUCATION

Bachelor of Technology - Computer Science
Bharati Vidyapeeth's College Of Engineering
08/2017 - Present 8.99
Anticipated date of graduation - 06/2021

Senior School Certificate Examination
St. Lawrence Convent
2016-2017 93.75%

WORK EXPERIENCE

Research Intern 07/2020 - Present
IIT Delhi

NLP Intern 06/2020 - 07/2020
BVCOE

Machine Learning Intern 01/2020 - 03/2020
RCRS INNOVATIONS
See credential

Deep Learning Intern 05/2019 - 07/2019
Coca-Cola
See credential

Computer Vision Intern 01/2019 - 02/2019
AiEye
See credential

Deep Learning Intern 09/2018 - 11/2018
Tade Infotech
See credential

PERSONAL PROJECTS

Dhwani
Built a model that can generate sound from an image based on the objects and background present in that image.
See Project

ACCIST: Accident Assist
Built a model that can automatically detect car accidents from a live camera feed.
See Project

CERTIFICATIONS

Deep Learning Nanodegree
UDACITY
Presented in recognition for completing the Deep Learning Nanodegree program got as a scholarship from Facebook.
See credential

Data Engineering with Google Cloud
COURSERA
Presented in recognition for completing Data Engineering with Google Cloud specialisation.
See credential

SKILLS

Programming Languages
Python | C | C++ | Java

Technologies & Frameworks
PyTorch | PySyft | TensorFlow | Keras | OpenCV | ImageAI | DialogFlow
MachineLearning | DeepLearning | ComputerVision | DifferentialPrivacy | FederatedLearning
Google Cloud Platform | Amazon Web Services

PUBLICATIONS

Smart EV 02/2020
Presented a model that predicts dynamic price and the waiting period at any Electronic Vehicle charging station.
See paper Certificate of Presentation

Depression Detection 12/2018
Presented a way to tackle one of the biggest social enemies - Depression
See paper Certificate of Presentation

One more presented at ICCIN for publication in the Springer Series
